## AT A GLANCE

### Emergency Numbers

Medical Emergencies: 911

Other Emergencies: Extension 0 • Hotel Security: Extension 0

### Security Services

Complimentary In-Room Safe

Smoke detectors for the hearing impaired available upon request

At the Best Western Premier Central Hotel, your safety is an important concern. We ask that you please take a moment to review the important safety information provided below and on the next page. Our staff is available to help you 24 hours. If you have any questions, please call Extension 0 for the Front Desk.

### Emergency Procedures

The most important part of our safety program is making sure that you know what to do in the event of an emergency. When you arrive, please take a moment to look for the emergency exits on your floor. Exits are shown on the floor plans on the back of your guest room door. Stairs are located at both ends of every hallway on every floor. "Pull Station" alarms are also located on each floor. In the event of an emergency, please pull the alarm nearest the problem.

We recommend that you take a few precautionary steps when you check into any hotel:

- Locate emergency exits
- Carefully review the map on the back of your hotel room door
- Locate the nearest fire extinguishers and fire alarms

## Fire Safety Procedures

We want to make sure you are prepared to exit the hotel safely if any of our detection systems sound a warning, so we ask that you please familiarize yourself with the following procedures. If the fire alarm does activate, our security system will automatically dispatch the fire department.

## Exiting The Hotel

- Take your key card
- Test your door for heat or smoke before opening it
- If the hallway is clear, exit by the nearest stairwell
- Do not use elevators

If Your Door Feels Warm Or Is Impassable:

- Place wet towels at the base of the door
- Call the Front Desk at Extension 0, giving your name and room number
- Turn off your air conditioner or heater to keep the smoke from entering the room
- Get down on the floor to avoid inhaling smoke

## Carbon Monoxide Safety Tips

Carbon monoxide (CO) is a colorless, odorless, and tasteless gas. Your guest room, and all hotel guest rooms, boiler rooms, and public spaces are equipped with a carbon monoxide detector. The symptoms of carbon monoxide poisoning may include headache, nausea, dizziness, weakness, vomiting, and confusion. Units are regularly checked during routine preventative maintenance and guest room inspections. Should a detector alert, and you are experiencing any of the symptoms mentioned above, vacate the guest room immediately and advise the front desk.

## Security & Traveler Safety Tips

We want to do all we can to help you enjoy a memorable and safe stay at our hotel. Here are a few tips for your safety and security while you are traveling.

Inside The Guest Room:

- Lock your door securely, using all locking devices when you are in your room, and always use the viewport to identify visitors.
- Before opening your hotel room door, ask for identification. If you're uncertain about anyone who comes to your door, call Extension 0.
- Place your valuables—especially jewelry and cash—in your in-room safe.
- Check to make sure any sliding doors, windows or connecting room doors are locked.
- Never provide your credit card information over the telephone. If our team is in need of payment information, we will kindly ask that you stop by the Front Desk for assistance.

Outside The Hotel:

- Be observant and look around carefully before entering parking lots.
- If you are traveling in a vehicle, don't leave any valuables within view.
- If you see or hear suspicious activity around the hotel, please notify a hotel staff member immediately.

## Stay with people who care.<sup>SM</sup>

Through an independent spirit of our hoteliers, Best Western is committed to providing a personalized and caring guest experience.

### What Is Caring?

Caring is delivering truly exceptional service that comes from the heart. Making special, emotional connections with our guests helps them feel at home and encourages them to invite their friends to stay with us as well.

### Why We Care.

It is the personal connections with our guests and local community that builds our guests' trust and loyalty. We believe that trust, loyalty and hospitality are at the foundation of every successful community and strive to show our dedication to those values to all of our guests and neighbors.

### The I Care Clean Program.

I Care Clean is a program that empowers our team members with an entire new way of cleaning, using tools such as Ultra Violet (UV) sterilization wands and UV inspection black light wraps to clean guest rooms and common areas. They also provide clean remotes or wraps for the remote control device, pillow and blanket.

## BEST WESTERN FOR A BETTER WORLD

With more than 4,000 hotels in over 100 countries, Best Western takes care of countless guests every day. It's that same spirit of caring that drives us to support numerous charitable efforts around the world. Through Best Western for a Better World's unique charitable partnerships, we reach out to families and children in need to provide them with the essential resources that we often take for granted. Join the spirit of caring!

# Carbon Monoxide Safety Tips

## WARNING

Carbon Monoxide is a colorless, odorless, poisonous gas, and exposure can be fatal. Your room is equipped with a carbon monoxide detector.

Symptoms of carbon monoxide exposure may include:

Headache	Vomiting
Fatigue	Blurred vision
Weakness	Dizziness
Nausea	Loss of muscle coordination
Shortness of breath	Collapse
Confusion	Loss of consciousness <sup>1</sup>

What to do if a carbon monoxide alarm is sounding or if you experience any symptoms of carbon monoxide exposure:

- Never ignore a carbon monoxide alarm that is sounding.
- Immediately move outside to fresh air.
- Advise the hotel front desk.
- Call 911, emergency services, or the fire department.
- Do a head count to check that all people in your party are accounted for.
- Do not reenter the premises until the emergency services responders have given you permission.<sup>2</sup>

<sup>1</sup> Source of symptom list: Consumer Product Safety Commission & Mayo Clinic.

<sup>2</sup> Source of recommended responses to sounding alarm or symptoms: Consumer Product Safety Commission.
